Summary

Experienced Full Stack web developer specializing in back-end development, proficient in PHP and JavaScript. Strong emphasis on structured coding, clean code practices, and design patterns. Skilled in OOP (Object-Oriented Programming), TDD (Test-Driven Development), and building scalable solutions. Collaborative team player focused on technical and business growth, with a passion for learning and staying up to date with emerging technologies.

Experience

Back-end Developer | Artiash Web Development Company, Ahvaz | Oct 2017 - Present

- Designed and implemented RESTful APIs using PHP frameworks (e.g., Laravel) for efficient data transfer and integration.
- Developed and optimized database schemas using MongoDB and Redis, improving data storage and retrieval performance.
- Implemented GraphQL to enhance API functionality, enabling flexible data querying and efficient data fetching.
- Utilized Git for version control, ensuring seamless collaboration and efficient code management in Agile development environments.
- Applied TDD (Test-Driven Development) principles to ensure code quality, reliability, and maintainability.
- Developed a custom CRM system, streamlining internal processes and enhancing customer management efficiency.
- Created a user-friendly shop site with secure payment gateways and inventory management features.
- Integrated various payment gateways and third-party APIs for smooth and secure transactions.
- Implemented product catalogs, shopping carts, order management, and reporting functionalities to enhance user experience.
- Ensured scalability, performance, and security of store systems to handle high volumes of traffic and transactions.
- Collaborated with cross-functional teams (UI/UX designers, QA engineers) to deliver high-quality software solutions.
- Mentored junior developers, providing guidance and support to foster their professional growth.

Education

Bachelor of Science in Software Engineering | Jahad University, Ahvaz | 2016 - 2021

Languages:

English: **A2 level**

Persian: **Native**

Skills

- Technical Skills:
 - **Languages:** PHP, JavaScript
 - **Frameworks:** Laravel
 - **Databases:** MySQL, MongoDB, Redis
 - **Web Technologies:** HTML, CSS, Bootstrap, jQuery
 - **APIs:** RESTful, GraphQL
 - **Version Control:** Git
- Soft Skills:
 - **Communication**
 - **Adaptability**
 - **Problem-solving**
 - **Teamwork**
 - **Continuous Learning**
